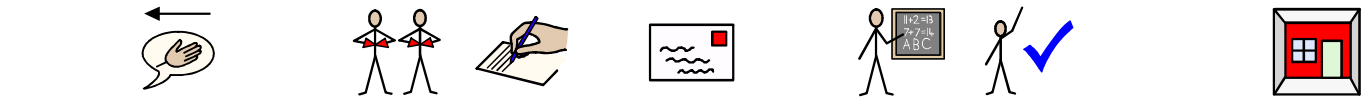
2. **Anti bullying survey**

- Everyone said that they feel safe in the classroom.
- Most pupils said that they know who to talk to if they are worried.
- Everyone said that they feel safe at playtime.

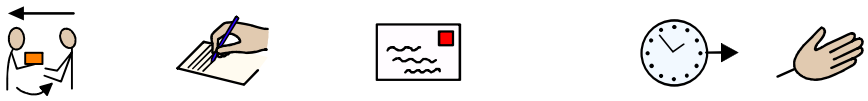
- Some pupils do not know who to talk to if they are hurt.
- All pupils said that they feel safe on school transport.
- Some students said that other pupils call them bad names at school.
- Some pupils said that other pupils have hurt them at school.
- Most pupils know who they can talk to if they are worried about bullying.

We want everyone to feel safe at school and to know who can help if they are worried, hurt or upset. Not everybody knows who they can talk to.



Joshua suggested that we write a letter that teachers can put on the wall.

The reps decided what the letter will say.

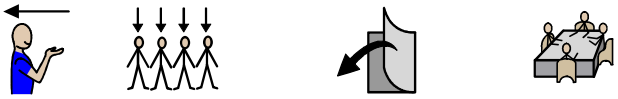


Aadam offered to write the letter and Ruth will help.

Everyone thinks it would be a good idea for some pupils to become playground

buddies. They would look out for people who are sad and help them

find someone to play with.



Mustapha thanked everyone and closed the meeting.
