

STREET DANCING

2A had a visit from Johnny, a professional street dancer. He was so impressed with the pupil's dance moves that he will be coming back in the new year to help us learn some more cool moves. All of 2A can't wait—they love dancing!

1T

The 1T class have been starting to travel to Cannon Hill Park to visit the playground. The class went out on the school bus first to support the pupils with the transition. Also this term the pupils enjoyed a taste session of different Caribbean food celebrating black history month.

1D

1D have had a very busy term! Some highlights have been going to weekly music sessions at Touchbase Pears in Selly Oak, and regular visits to Lidl in Kings Heath, experiencing being out and about in the community. They've also been biking in Canon Hill Park as well as having lots of fun in school getting ready for Christmas by making a 6 foot snowman for their wall!

PLAY

Sam has been working hard to make playtimes more fun and inclusive for all of our students. The children have really enjoyed having these activities put out for them and have noticed new friendship groups forming through independent play.

FOXHOLLIES NEWSLETTER

AUTUMN TERM 2023

FREEFALL

10 students across P2-3 worked with professional dancers from Birmingham Royal Ballet over a 10 week period to produce a collective piece with four other settings which was performed at the Hippodrome in November. The whole school went to see their peers and had a wonderful outing.

BLACK HISTORY MONTH

We learnt about differences in culture and people in Black History Month. 3A made pasta necklaces with the colours for BHM, and other classes around school made beautiful masks which they wore in our Black History Carnival. The students got to learn about famous people as well as trying different foods and learning dances, all with a black history theme. It was a really fun and colourful week!

FESTIVE FOXES

Pathways 2 and 3 had so much fun putting on our Christmas show—Festive Foxes. There was fantastic dancing, beautiful singing, amazing signing and some great music too, not to mention some wonderful costumes! We are very grateful to Queensbridge for letting us use their lovely hall, and to all of the parents and carers who came and watched. We hope you enjoyed it as much as we did!

CHEF FOR THE DAY

Pathway 3 have had some visits from Ashley from Aspens. He showed 3K how to decorate cupcakes and they all enjoyed making their own colourful creations. He taught 3A how to make bread! They enjoyed kneading it and shaping it into different shapes. It tasted pretty good too!

CHRISTMAS DINNER

A highlight of the term has to be our delicious Christmas dinner! It was so lovely being together in the hall eating and listening to Christmas songs.

MACARONI WOOD

Pupils from Pathway 3 went on residential to Macaroni Wood at the start of this term. They enjoyed exploring the beautiful surroundings of where they were staying. The students enjoyed a woodland walk, feeding the animals and collecting the eggs and using the adventure playground. They also had fun playing ball games in the games hall and using the music equipment in the music room. The highlight of the week had to be eating chips around the bonfire though!

P3 WORKSHOPS

Pathway 3 held some lovely workshops which parents were invited to. Some parents/carers made mince pies, some created music, whilst others were crafty and made baubles and did felt-making. There was some lovely feedback from parents saying how much they enjoyed coming in to school to work with their young person.

2AC VISIT QAC

Pupils from 2AC visited QAC to see what life might be like after Fox Hollies. They enjoyed looking at all of the facilities, and even bumped into some ex Fox Hollies students.
